Customer Reviews

I really enjoy coloring Jason Hamilton's designs. From his first coloring book (â€œCats and Quiltsâ€•) to this, â€œMermaid Fantasyâ€•, I've found his artwork to be beautiful and fun to color. I came across Mr. Hamilton's mermaid designs in his recent contribution to â€œAdult Coloring Book Treasury 2â€• and was in high hopes that he would soon release a mermaid book. Just a week or so later, here it is. Along with a video and other sample photos from this book, I will include the mermaid that I colored for Treasury 2. In this book, the focus of the designs is on mermaids. There is a merman and even a human but, for the most part, there are mermaids. There are even a few mermaids with their children. The designs have a nice level of detail. There is plenty of room for shading or adding your own details, if you wish. The elements on the full size pages are a good size and are not difficult to

color with any type of coloring medium that I use. The smaller (4 x 6 inch) versions may require ultra-fine nibs or sharp pencil tips but that is to be expected with a design that has been sized down. This is what I experienced when I was coloring in this book and testing the paper with my coloring medium. In the comments section below, I will list the coloring medium I used for testing this book and which I usually use for coloring my projects. 24 Large Mermaid designs with 24 4 x 6 inch duplicate copies Printed one side of the page Paper is thin, white, slightly rough and non-perforated Glue Binding Designs do not merge into the binding area.
