When my daughter requested a space cat themed birthday party, I made it my mission to make it happen. Problem is that as amazing as cats in space are, it's pretty hard to find décor and party items with that theme. Sooooo....I made them! One of the most useful and amazing products I found for my birthday décor crafts was this calendar. It is standard wall calendar size so the pictures are nice and big and the paper and picture quality is excellent. When I received it, it was so amazing that I was actually hesitant to cut it up, but fortunately we were able to salvage some of the decorations after the party and they are now hanging gloriously in her room. I am thankful for this products amazingness and also for the fact that it saved me a trip to the copy store to print and blow up the crappy quality space cat pics I found online. Amazing and versatile product! A must have for the millions of space cat enthusiasts of the world!

While the cats are quite adorable as advertised, I would not have bought the calendar knowing that the first year of the "so called" 16-month calendar is spaced out to a single page. Yup;

September/October/November/December are all on one page making planning for the next 4 months pointless on the calendar only because they had 15 images and couldn't produce 4 more pages...Very disappointed, would not recommend.

Love it - 2015 months are not full page calendars. They are 4 small calendars on one page but will work just fine to hold me over until 2016.

Their version of "16 month" is to have the first four months (the last four of 2015) compressed onto a single page, effectively making it useless for most purposes. Pictures are entertaining enough, though the photoshop work in them leaves some more blurry or pixelated than others

Two of the pictures are dumb, specifically the one on the skate board. Other than that, all the photos are awesome!

This calendar is SO CUTE!!!! I bought it for my 13yr daughter. She loves it!

No sure why there are so many pictures of cats as food in this one. My son was rather disturbed by that. We're planning to cut out just the few good photos and hang them.

Bought as Xmas gift, and its silly/poorly shopped photos are a big hit. The pictures are silly and nonsensical, and great.
