Le Donne

Synopsis

The Italian artist of the controversial RanXerox comic series which shook the world of comics in the eighties presents women in-your-face proud of their femininity. Women in all their physical glory but without the softness or subservience. This explores limits without shame or fear and is occasionally pornographic, bizarre, or even disturbing. Includes chapters entitled "Desire", "Pulse" with stark black & white illustrations, "Embraces" with a fearless abandonment to sheer lust, "Dark/Light", "Intimacies" with never before seen angles on the nude figure, "Flesh" with soft beautiful aquarelles. This book challenges and does not leave indifferent.

Customer Reviews

hieuropen artists have never shied away from fully depicting eroticism in all its many aspects and there have been many great artists in this sub genre like Manara, Crepax, Serpieri and many others. Liberatore represents the highest form and matches them in all his pencilled etchings and colorful and erotic photo arts pieces. The entire spectrum of his erotic visions are covered here and it ranges from the surreal to the bizarre. The sensualism portrayed is first grade and definite not for minors to view but we as adults can try appreciate and admire all the pieces contained here with for their truly emotional and it affects us in a most primal fashion a great book as usual from this great Italian arts master

I, loved this graphic novel because of the art work.
