Customer Reviews

I bought this online since it's getting harder to find the all-in-one series in stores. The all-in-one course gives the teacher a chance to have their students get one book instead of all 4 of them by Alfred's. You can supplement with other books or other items, but this book helps the beginning student learn very well.

My son has been using this series and he is learning how to play the piano! Most importantly, he is enjoying the learning. I love how it slowly introduces and teaches music theory in a easy fun way.

Love this series! My student has enjoyed learning piano very quickly and has advanced from Book 1 to Book 2 in just a few months. This book is fun while teaching the basics. Makes learning piano exciting. Love the All-in-One Course idea!

This product brings all of my required lessons into one neat concise book, thereby reducing the cost of books from 3 purchases down to 1.

We have 7 kids. Two play piano, and these books are awesome!

I follow this book for teaching all my students and they all excel past expectations. I highly recommend it

My daughter is really progressing with her studies in piano all because of the books
