Language: English

ISBN-10: 0766014347

ISBN-13: 978-0766014343

Product Dimensions: 9.3 x 6.4 x 0.4 inches

Shipping Weight: 9.6 ounces

Average Customer Review: 4.0 out of 5 starsÂ Â See all reviewsÂ (3 customer reviews)

Best Sellers Rank: #837,648 in Books (See Top 100 in Books) #94 inÂ Books > Children's Books > Education & Reference > Math > Algebra

Age Range: 9 and up

Grade Level: 4 and up

Customer Reviews

This book is a great, easy to understand learning tool. It helped me get my falling math grades back up to where they should be! I'd recommend this book to anybody who struggles with Math!

I had checked this book out of our local library and decided to buy it. It is very good for basic and beginning algebra and reviews. I would recommend it to any parent for their childred just starting out in Algebra or just for basic review. The authors also have other math books you might like to investigate if you have children.

the book has almost no problem sets for students to work on, and it has only little material to teach pre-algebra and algebra (the title). I had to return it promptly after browsing through the book.
