Super Hidden Picture Mazes

Synopsis

The good times that began with last seasonâ™s Hidden Picture Mazes continue! These are no ordinary mazes: theyâ™ve got something extra, because every time you solve one, you also create a picture. Â Kids start out as usual: finding and tracing a path from the maze's entrance to the finish, while avoiding false leads and dead ends. Then, when they take a pen or marker and make a thick line over that correct path, an image will emerge—including a cat, a skier, a house, and a palm tree.Â Every one is a super surprise.

Customer Reviews

I love puzzles - sudoku, hanjie, mazes, logic puzzles, & word searches. The hidden picture maze books offer something you don't get when you complete an ordinary maze or many of these other types of puzzles - you get a picture! (I thought that I'd be able to tell what the picture was before the puzzle was done, but quite often I found this wasn't the case.) Having something when you're done is what I also like about hanjie puzzles (often called griddlers, nanograms, and paint-by-numbers), but sometimes, late at night, those require too much thought. That's when I pull out my handy dandy "Hidden Picture" maze books and start coloring in the paths. They're just fun!

These are fun to do and help exercise the brain. They are good for many ages and great for when you have to wait on things.
