The American Heritage Essential Student Thesaurus

Synopsis

The American Heritage(R) Essential Student Thesaurus is designed for middle school students who are solidifying their reading and writing skills. Over two hundred entries give synonym groups, definitions, and parts of speech. Example sentences are given for each synonym, distinguishing subtle shades of meaning and showing how choosing the right word results in more effective writing. Includes more than 200 entries containing 800 synonyms.

Customer Reviews

I am a fifth grade teacher looking for a thesaurus for my students. I was extremely dissapointed in...this book. There were many words that were ommitted from the book which made it impossible for my students to find the synonyms to the words they were looking for. I thought this book would have provided some assistance in helping my students improve their vocabulary and writing skills, however I was mistaken.

This book is extremely useful for students. It's an essential learning tool to build vocabulary as it teaches the proper use of synonyms, and antonyms. This thesaurus gives synonym groups, provides definitions, and illustrative sentences. It's also a helping guide for easy word access, and is informative, and easy-to-read. In addition, it helps to distinguish shades of meaning in choosing the right word, as it enhances precise writing, and communication. It also enhances reading skills for

middle school students, or adults who are learning English as a second language. It contains over 800 synonyms, and 200 synonym paragraphs. The Index is concise, and helpful. This thesaurus can also help to improve writing letters, and a good tool to help express yourself. It also guides you in choosing the right words that have similar meanings. Extremely useful, informative, and concise. Highly recommended for students, and teachers!

I used this book with groups of English as a Second Language students in fifth and sixth grades. I thought it was a marvelous introduction to what a thesaurus is and how to use one. The book is only 86 pages long and uses easily readable print font, so it is not intimidating at all and really helps to promote confidence. My students loved it!
