ISBN-13: 978-0545647861

Product Dimensions: 0.5 x 5.8 x 5.8 inches

Shipping Weight: 5.6 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 starsÂ See all reviewsÂ (7 customer reviews)

Best Sellers Rank: #480,365 in Books (See Top 100 in Books) #118 inÂ Books > Children's Books > Early Learning > Basic Concepts > Opposites #1228 inÂ Books > Children's Books > Animals > Cats #10180 inÂ Books > Children's Books > Humor

Age Range: 2 - 3 years

Grade Level: Preschool and up

Customer Reviews

The rhymes and pictures are very nice but don't look too deeply at the subject matter.The robot kitties are everywhere. They appear to have hunted almost all the other animals to extinction. Most disturbing is the complete lack of humans. Humans of course would be no match for an army of robotic predators such as the ones depicted in this book. We are ultimately the architects of our own destruction. Our hubris and hunger for cute kitties pictures must have lead us to create a horde that we could not control. The only saving grace in this post apocalyptic hellscape is that some of the kitties seem to be developing a culture of their own with art and clothing. Most of them however are content to lounge on the furniture of their departed masters.

We love Robot Kitties! The book is fun and there are just enough words on each page to keep the pages turning at a good pace to keep an infant interested. The illustrations are cute and interesting but not overwhelming. My favorite thing about it is that it uses a lot of different opposite words such as near/far, high/low, fast/slow, etc. I enjoy reading this to my baby.

I find this delightful and funny. I bought one for my son and another as a baby shower gift. I am a big cat person and this is just quirky fun! Perfect for a small baby with a short attention span!

What a fantastic concept for a children's board book. The concept is good, the art is cute, the rhymes are fairly decent. But the ending just kind of ends with no surprise or delight. Just ok.

This book was a suggested book as well. And I just love it! Again, I have never seen it in the bookstores or library. Thank You!

Another great board book by Jim Benton. Our toddler grandson loves robots and this one is unique!

This is a good book, but we love Jim Benton's Stinky Socks book better. The kitties are cute.
