Customer Reviews

This was the first paper model I made, a few years back, and while challenging, it wasn't frustrating. The working features add to the fun of a Khmer-like temple just waiting for Indiana Jones to show up. The outer band of trees is laid out as a maze.

This paper model making book was my first foray into paper models. Definitely not for young kids or someone unwilling to spend hours cutting and assembling. I decided to use the cut outs for my own custom jungle set up instead of doing a full build as described in the book. Pretty cool but a bit outdated graphics here. I believe all hand drawn.

Everything A O K.
