Strunk's Source Readings In Music History: The Nineteenth Century (Revised Edition) (Vol. 6) (Source Readings Vol. 6)

Synopsis

The definitive collection of great writings on music of the nineteenth century. Forty-five years after the appearance of the first edition, Oliver Strunk's monumental anthology of writings about music has been thoroughly revised and extended by a team of scholars working under the direction of musicologist Leo Treitler. For this new edition, seven specialists in music history have replaced some selections, added others, contributed new translations, and provided additional notes and introductions. With this series, readers can now acquire a comprehensive picture of Western musical thought and ideas through the ages.
