Christy Lane Complete Book Of Line Dancing-2E

Synopsis

It's time to hit the dance floor with the second edition of Christy Lane's Complete Book of Line Dancing. Nationally acclaimed dance instructor Christy Lane surveyed dancers, teachers, and club disc jockeys across the nation to bring you the most popular national versions. She's added 26 new dances to her latest book, giving you a total of 68 line and partner-pattern dances to choose from. This how-to guide not only provides the footwork diagrams found in the first edition, but Lane has also added suggested music for each dance and written descriptions that aid in the explanation of the accompanying body movements. Sixty photographs show Lane demonstrating the unique moves and positions to a group of line dancers. Some of the dances you'll find in this book include- Tennessee Twister- Watermelon Crawl- New Electric Slide- Wild Wild West- Livin' La Vida Loca- Night Fever. The dances are presented in easy-to-difficult order, making it simple to advance your skill level. And a "For Teachers Only" chapter provides instructors with strategies they need to lead a successful class. Whether you're learning the Honky-Tonk Stomp to Brooks and Dunn's popular hit "Hard Working Man" or listening to Garth Brooks while you and your partner perform the Barn Dance Mixer, this sensational resource will make mastering all the dances easy and fun.

"This is the best line dancing book I have read on the market today. Christy Lane has obviously done her homework. I appreciated the diagrams along with the written descriptions and the song recommendations the most. Great book Christy!" Thank You.

I have been teaching dance for years and find this book easy to use and read. It is a great reference tool for all teachers!

Lots of great diagrams and enthusiastic writing style. Also tips for teachers. I am using it for a section of my exercise class for seniors. We found the first one more difficult than the second, with the fancy footwork. We are going to progress through the book. Once we get good at one it will stop being such a great aerobic [and mental!] exercise. Lot of fun and camaraderie. SB

I find the patterns hard to read. I bought the DVD video a couple months before I ordered this book but when I went to play it, it was blank. I hate to order another DVD. The book would probably make sense if you had the DVD to use with it.

Teaching line dancing is much more challenging than learning it! Hence, this book has been IMMENSELY helpful with my line dance instruction in public school districts!

Very informative. Great and easy illustrations to follow. Even gives the songs to practice too.

This a great book *if* you can read dance; i.e., you have teaching or choreographic experience of any kind. It follows the DVD and is a great help.
