The Time Chamber: A Magical Story And Coloring Book (Time Adult Coloring Books)

Synopsis

Korean artist Daria Songâ™s sequel toÂ The Time GardenÂ takes readers on a visual journey into a magical nighttime world seen through the eyes of a fairy. This is theÂ second adult coloringÂ book in the bestselling Time coloring series, featuring the voyage of a fairy who, when the cuckoo clock chimes midnight, enters the human world. To the tiny fairy, everything seems enormous and magical, from the curtains to the chandelier to a mystical rowboat that takes her further into an inky adventure. With her she packs her favorite items, which colorers can find throughout the bookâ™s pages: an owl-feathered pen, a star-scented spray, a time tape measureâ|even the key to the time chamber itself! Filled with the imaginative, intricately detailed illustrations Songâ™s readers have come to love,Â The Time ChamberÂ presents a view of our world made newâ"and ready for coloring. The Time ChamberÂ featuresÂ extra-thick craft paper, ideal for non bleed-throughÂ coloring, and theÂ jacketed cover with flaps is removable andÂ colorable.Â Special gold-foil stamping on the cover and spine and a To/From page make it perfect for gifting to adults and kids alike.

Coloring books for adults? When I first heard about this new trend, I have to admit that I was a little confused. I mean I have spent many hours of my life coloring. I have colored everything from

Strawberry Shortcake and Care Bears to the Power Rangers. I spent hours coloring as a child and then again alongside my children. When I think about it, there really is something very soothing to the process of staying in the lines and loosing yourself in a task. When I saw this coloring book, I just had to see what this new generation of coloring books is all about. When I first got the book, I was immediately impressed. These are high quality pages with some thickness to them. The book is a nice size at 10 inches square. The book even has a dust jacket trimmed in gold foil. This really is a different kind of coloring book. It has a certain class and character that I didn't expect to see in a coloring book even with adults as the target audience. The artwork is beautiful. I am not any kind of artist myself. I am honestly doing really good to just stay inside the lines (and I don't always succeed with that simple task). I can still appreciate beautiful artwork and this is really just lovely. I loved the whimsy in the artwork and I felt myself becoming nostalgic for my childhood as I turned the pages and toured the little girl's room along with the fairy and her friend owl. Because it is coloring book, I felt like I became an active part of the story. I noticed details in every page that I most likely would have missed because I was helping to bring the art to life. I found myself looking for the owl on every page. I really loved the pages with detailed patterns. What is really wonderful about this book is that no two people will have the same experience.
