My 2 year old LOVED this book! He had so much fun finding the T-Rex in all the pages. The rhyming in the book helps to keep his attention and he loves pointing out everything and repeating words back. This book is great at teaching basic Language, and helping to introduce new words.

We now have to read this at least once a dayâIâm starting to have it memorized. I hope you all enjoy it. check out the authors other books. We have also read and love those. This is one of our other favorites. Children's Book: Goodnight: A Bedtime Story [bedtime stories for children]

Really fun to read with my 2 year old grandson on our trip! He loved looking for the dinosaur on each page!

My daughter had a new passion a week, and this week it's dinosaurs. This story is very cute, perfect on the fire hd, and she recognizes all of the words. She likes to repeat stories as she hears them, and she can follow this book easily.

The book is cute. Both my four- and two-year-old sons had a good time spotting pieces of the T. Rex hiding behind various things. For me, it was nice to see something illustrated in a way other than the generic Disney-esque factory style that so many Kindle children's books seem to have.

My son loved the book and I will definitely be reading this multiple times! He loved the pictures and finding the T. Rex in the tree.

Good rhymes for babies first book on kindle, mommies reading the next one for her, let's get some stargate Atlantis books for babies

This a great colorful book for an early reader. This is a very cute story. I would recommend this book for your young children.

My son loves this bedtime story. Has great colorful pictures, and it's the perfect length for story time before bed.
