Synopsis

Natasha Friend is a Judy Blume for today -- clearly evident in this remarkable new novel about a girl whose father is an alcoholic and how she and her family learn to deal with his condition. It's hard to be a 13-year-old girl. But it's even harder when your father's a drunk. It adds an extra layer to everything -- your family's reactions to things, the people you're willing to bring home, the way you see yourself and the world. For Samantha, it's something that's been going on for so long that she's almost used to it. Only, you never get used to it. Especially when it starts to get worse...

Customer Reviews

It's interesting how this book came into my hands. My sixth-grade daughter put it there. We spent some time in the bookstore together and she, as usual, picked out half a dozen books. I picked one and it was a loser. So, she offered me, "Lush" by Natasha Friend. I read it in just over an hour, mostly because I couldn't put it down. I will pass it on to her, with only a slight reservation about some youthful /immature sexual references, which, unfortunately, will cross her path one of these days in spite of anything I do or don't do/say. This is the simple and well-written story of Samantha

"Sam" Gwynn, a typical, suburban teenager. She's in eighth grade and on the verge of . . . everything. As if dealing with hormones popping all around her at school weren't enough to manage, at home she tries to cope with her father's drinking problem, her mother the enabling yoga freak, and her adorable little brother, Luke. She's feuding with her neighbor, Charlie Parker, believing he stole her bra and charged his buddies a buck to view it, and she develops a crush on a popular high school boy. Sam has friends (a fun and believable trio of girls from school), but she needs a confidant--someone to whom she can express her fears about her father's drinking. She sets her sights on a redheaded girl in the library named Juliet and composes a letter to her. "My dad is what you would call a big drinker (which really equals a big alcoholic--I have done my research)," she writes. Sam leaves the first note with instructions to reply by leaving a note in an obscure book called "The History of Modern Whaling." Thus, an entertaining and mysterious correspondence ensues. As the story unfolds, Sam's humor and intelligence shines through.
