Customer Reviews

Okay, so I love Miley Cyrus and snatched this up for 50 cents at a garage sale. I was excited that I saved money and started reading. I was no longer surprised it was going for so cheap! A lot of the "facts" here are not true. They say Miley's BFF Lesley she met at school, but in Miles To Go which Miley wrote, she said she met her in cheerleading outside of school. That's only one example, there's many more mistakes. I seriously think this is a waste of time. Especially DO NOT BUY THIS IF YOU WANT TO LEARN A LOT OF MILEY. There is some good information of Miley (but some of it is flawed like I mentioned) but a lot of it is mainly about the Hannah Montana show. There's 6 pages of Emily Osment, 6 pages of Mitchel Musso, 6 on Jason Earles, etc. There's even a lot of pages on Cody Linely. So there isn't a ton about Miley, only the begining has a bit about her. So buy it if you will, but don't be surprised if you find it as bad as I did. Only reason it got an extra star was

because there was one or two facts about Miley and others that I found cool. And there is pretty good info. Just not a lot of it. You want to know about Miley? Buy Miles To Go!
