Customer Reviews

I am not the smartest cookie in the room but even this crumble was too much for me! I have never listened to a full blown psychotic's conversation inside their own head....untill now! Christmas 2015 my contribution for dinner...to read this book from front cover to the end prior to dinner:))))))/
AwesomeJust say no:)

This book looks like it is a mix of internet texts which were thrown in google translate. It talks about accidents and Toyota's, hair dryers, women's urinary track, men wearing dark polish, etc ... You

clearly see this book is NOT a real book and it has nothing at all to do with airbrushing. This is a money making scam from somebody. What a shame does not filter this out ...:-)

Talk about being ripped off ! They should put these people involved in this scam in jail. The only picture in this book is on the cover and that's it. And there's one paragraph written for each subject in the table of contents. As far as I'm concerned the FBI should be checking these guys out. This is not a book ! ITS A SCAM! And I'm pissed off.
